McGinty Demack Testimonial

Karen Richardson
Managing Director
Vermont House, Standish

To Whom it may concern:

I have utilised the services of Karen Richardson of McGinty Demack with regard to my accounts for as long as I care to remember.

Initially she was my firms' accountant when I actively practised as a solicitor and has continued to audit my personal accounts since I retired some eleven years ago.

The accounting services she provided were first class and always dealt with promptly and accurately with no problem encountered by myself and with nothing being too much trouble.

She has proved an invaluable help throughout our relationship.

Tom Bennett
