Testimonial

I have been a client of Karen Richardson the owner of McGinty Demack for over 21 years during which time she and the practice have provided the full range of Accountancy and Taxation services with complete professionalism and courtesy.

Most recently, they have provided invaluable advice and support in disposing of property and land, without which I would have fallen into one of the many little known HMRC pitfalls.

I therefore have no hesitation in recommending them to both business and private clients.

John C Staveley, MSc Mgt Sciences
